# Highlights

## Sensitive directional mic

To ensure the microphone is always optimally positioned to pick-up your voice.

## Adjustable microphone

This easily adjusted boom will make sure the microphone is always optimally positioned to pick-up your voice.

## On/off button

Very easy way to "on" or "off" the microphone. You can also mute your voice when you don't want your interactive partner to hear.

## Integrated cable winder

A neat solution for storing the cable and adjusting its length for maximum convenience.
